1. The applicant has made this application for removal of attachment and seal of the Official Liquidator. When asked about the original documents of title, initially a stand was taken that they were in sealed premises. I have therefore, directed Official Liquidator to produce the originals in the Court. This order was passed on 25.8.2006. However, on 28.8.2006 a stand was taken that these documents are with Andhra bank. Be that as it may, matter can only be decided after the original documents are in the hands of the applicant. In the circumstances, Company Application is dismissed with

liberty to file a fresh application when the original documents are in hand.
